Xtract™
Clean Sanding Solutions

732U

Premium Series

**Sand less.
Make more.**

3M Xtract™ Cubitron™ 2 Paper Disc 732U

3M Xtract™ Cubitron™ 2 Paper Disc 732U features a 3M proprietary multi-hole pattern that helps extract dust better than 5 or 6-hole disc products — increasing cut and disc life and for improved dust extraction on a variety of sanding applications.

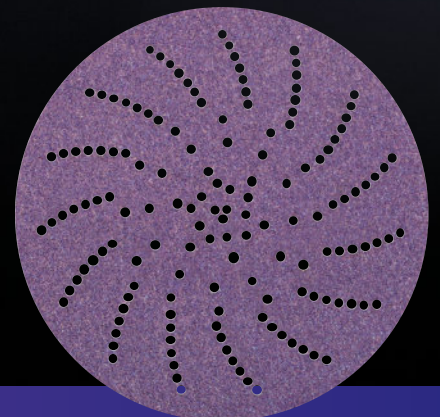

**Up to
99% dust
extraction**

**Lasts
Longer***

Lower costs with long
disc life and fewer
disc changes

**Consistent
Finish**

Minimal rework due
to consistent finish
quality

*Compared to conventional abrasives.

3M Xtract™ Cubitron™ 2 Paper Discs 732U

732U

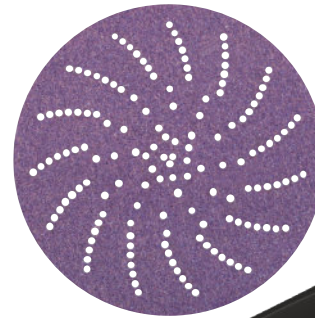

Premium Series

High-performance 3M Abrasives for stock removal.

Sanding discs cut better and last longer when dust isn't loading the cutting surface of the abrasives. The multi-hole pattern on 3M Xtract™ Cubitron™ 2 Paper Disc 732U evacuates dust and other sanding debris. The load-resistant coating allows the disc to continue cutting even when sanding softwoods, paints and other materials that would otherwise clog the disc and hinder sanding ability. All of this helps increase productivity and reduce material consumption.

These discs are ideal for a broad range of applications focused primarily on stock removal and are effective on a wide variety of substrates, including metals, composites, gelcoat and various woods. The C-weight paper backing is well suited for sanding applications where edge retention is not a primary requirement.

- 3M Xtract™ proprietary multi-hole pattern provides superior dust extraction to prevent loading, increase productivity and provide a cleaner work environment
- Ideal for a wide variety of substrates and applications
- 3M™ Hookit™ attachment system provides easy disc changes and optimizes disc life

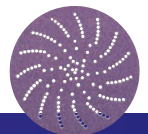

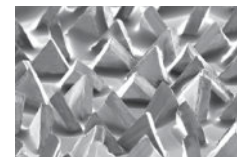

3M Xtract™ multi-hole pattern provides superior dust extraction.

For maximum dust extraction, use this disc with a 3M Xtract™ Back-up Pad (multi-hole) and a Random Orbital Sander with vacuum (both sold separately).

3M™ Cubitron™ 2 Abrasives are designed with revolutionary 3M Precision-Shaped Grain technology. As the grain wears, it continuously fractures to form sharp points and edges that slice through material, wear evenly and provide super-long life and consistency.

Product Selection and Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property. **Disclaimer:** 3M industrial and occupational products are intended, labeled, and packaged for sale to trained industrial and occupational customers for workplace use. Unless specifically stated otherwise on the applicable product packaging or literature, these products are not intended, labeled, or packaged for sale to or use by consumers (e.g., for home, personal, primary or secondary school, recreational/sporting, or other uses not described in the applicable product packaging or literature), and must be selected and used in compliance with applicable health and safety regulations and standards (e.g., U.S. OSHA, ANSI), as well as all product literature, user instructions, warnings, and other limitations, and the user must take any action required under any recall, field action or other product use notice. Misuse of 3M industrial and occupational products may result in injury, sickness, death, or property damage. For help with product selection and use, consult your on-site safety professional, industrial hygienist, or other subject matter expert. For additional product information, visit www.3M.com. **Warranty and Limited Remedy:** Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price. **Limitation of Liability:** Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
